## Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

### UNHAPPINESS DISPELLED.

**Men and Women Unanimous About It.**

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Died In Arms of Bride-elect.

With his affianced bride, Miss Edith Russell Wills, of Newburyport, Mass., tenderly bending over him, and with his sister, Mrs. L. Curtis, of Mount Vernon street; his faithful valet, Isaac Mullen, and Dr. Bender at his bedside, Capt. Nathan Appleton, author, traveler, Panama canal promoter and man of affairs, who, on July 3, obtained a divorce from his wife to permit him to wed the beautiful woman whom he had loved for years, died at noon Saturday in the Hotel Nottingham, Boston. In six months from the day he got his divorce Captain Appleton had expected to wed Miss Wills.

On November 16, 1887, Captain Appleton married in New York his second wife, Jeanette Maria Orington, daughter of Edward J. Orington, of Brooklyn. Their wedding attracted world-wide attention and was the most brilliant social incident of the season. Dr. Edward Everett Hale, of Boston, now chaplain of the United States Senate, performed the ceremony.

Scarcely a year after the marriage the friends of the couple were thunderstruck to learn that they had separated. A little later there came another sensation, when Col. Henry Clay Parsons of Natural Bridge, Va., appealed to the police to rescue his beautiful daughter from Mrs. Appleton, saying that the woman had hypnotized the girl and was keeping her against her wishes. But in vain, for the girl refused to leave her friends.

From the time he and his wife separated Captain Appleton lived as a lonely man, so far as his home was concerned. Although he had many friends, and his life was full of activities, he felt the need of companionship.

Ten years ago he met Miss Wills in Newburyport. Their acquaintance ripened as he saw her occasionally, but it was not until the time of the Russo-Japanese Peace Conference, in Portsmouth, that there promised to be any thing more to their friendship.

Early in December Captain Appleton announced his intention of suing the wife from whom he had been separated for 18 years for divorce, and told his friends of his hope, when free, to wed Miss Wills. In March he began his suit. Mrs Appleton had engaged counsel and had declared her intention of contesting the case, but in the end she did not do so. The decree nisi was granted on July 3. On July 12 Captain Appleton made the formal announcement of his engagement of Miss Wills.

### Ordered to be Doported.

The case of 40 Russian Hebrew children who arrived at New York Saturday on the steamship Amerika was heard by the board of special inquiry at the immigration station on Ellis Island yesterday, and the board, after deliberation, decided that the children should be excluded from the country. Accordingly, their deportation was ordered. This, however, is not final, and the case has already gone on appeal to Washington. The children, all of them, made orphans by the recent massacres in Russia, were gathered from the centers of recent trouble and taken to New York, in charge of Mrs. Sophie Perlmann, of Berlin. Wealthy Hebrews of New York supplied the funds and secured homes throughout the country where the children could be sent.

The orphans were taken before Board No. 2, of which Inspector Parbury is chairman. Secretary Waldman, of the United Hebrew Charities, appeared in behalf of the children. He said they would be well cared for, educated and looked after, and that there was no chance that they would become charges on the public.

The board, after consideration of the case, thought otherwise and announced that the children were ordered excluded. This action was taken under section 2 of the act of March 3, 1903, of the immigration laws.

Mr. Waldman said that the case would be appealed and a decision is expected in a few days. Under the ruling Mrs. Perlmann must return with her charges to insure their care on the journey back to Hamburg.

In the meantime the children will be well fed and well cared for on Ellis Island. Yesterday they were turned loose in the playroom, where they spent the day having a good time.

### Father Gapon's Death.

There has been received in London an extraordinary account of the death of Father Gapon, the Russian revolutionary leader who was found dead in a villa near St. Petersburg some months ago. According to the account then published, Father Gapon was lured to the villa by agents of the revolutionary party and hanged because he was suspected of having betrayed the secrets of the organization and of being in the pay of the police. It is now understood, however, that Father Gapon's murder was really due to jealousy, and that he was killed by a fellow countryman who discovered his relations with a woman revolutionist—a Jewess. Moreover, Father Gapon's murderer is said to have escaped from St. Petersburg and to be now hiding in London, having adopted the English-sounding name of Martin. Martin's whereabouts is at present unknown but up to last Thursday he was living in the West End. The woman, who was associated with Father Gapon's revolutionary movement and who was the indirect cause of his death, has likewise disappeared.

MONDAY EVENING, AUG. 27, 1906.

ORPHAN Jewish children, made such by Russians who have murdered their fathers and mothers, continue to arrive in different cities on the continent of Europe. They are met by committees of their coreligionists and as fast as possible placed in Hebrew families. Of course, the little ones are separated and often necessarily placed miles apart from each other to dream of parents, now gathered to the fathers, and the happy homes they once enjoyed. Forty of the unfortunates arrived in New York last week where they were met by American Jews who proposed to place them in Hebrew families in different parts of the United States. Under the laws of this country the officials determined to send them back to Europe, but an appeal has been taken and as it is thought that as there is no likelihood of the bereft children becoming public charges, arrangements will be made by which they will be allowed to remain in a country where racial prejudices will not interfere with them. Some of the recitals of these children are touching and show the cruelty which so often results from Semitic hatred. The little ones are now thousands of miles from the land of their birth, among total strangers, and if allowed to remain will soon be separated from each other—brothers and sisters being compelled to start toward different points of the compass with the possibility of never meeting again. The Jews are still wandering, a people without a country, as has been their lot for centuries.

THE attempted assassination of Premier Stolypin of Russia, at his villa last Saturday, resulting in the killing of thirty-two persons and which was followed yesterday by the assassination of Gen. Min by a woman, and the killing of Gen. Wonlarlarski today, are appalling object lessons of the serious conditions now prevailing in portions of the Russian empire. General Min was ruthlessly shot down in the presence of his wife on the platform of a railway station. The ranks of the frenzied revolutionists are being recruited daily, and the number of women who are taking prominent parts in furthering a reign of terror is significant. The latter are going about the country with bombs and pistols secreted in their skirts, watching opportunities to waylay unsuspecting victims. The repressive measures inaugurated by the government seem to fan the spirit of discontent which is settling over the land.

IN THE mail a few days ago to the republican congressional committee in New York there was a letter from a distinguished republican trust magnate enclosing a check for $1. So far well and good, his dollar is as good as any other dollar. But there was, it is said, another check enclosed in the same letter from the republican trust magnate for $10,000, which for obvious reasons the chairman of the committee did not inform the reporters as many other subscription letters have been reported. Why did the trust magnate give the additional $10,000, when he had only been invited to give $1? As he is interested in a corporation that is fostered by the tariff and is therefore in hearty sympathy with the policy agreed upon, to stand pat and still allow the tariff-fostered trusts to continue to plunder the people, he evidently is willing to do his share towards corrupting the voters to their own undoing.

REV. WALTER LOWRIE, rector of fashionable Trinity Church, in Newport, R. I., stated in his pulpit yesterday morning that his hearers might play bridge whist on Sundays if their consciences would permit them. He had recently denounced gambling in his pulpit. The sermon yesterday was on the general subject of Sabbath observance, and the underlying idea was that the Sabbath was made for man and not man for the Sabbath. There is no wonder that clergymen are in a measure losing their influence with the masses and that church attendance is growing less and less yearly.

TARIFFS seem to be worrying the railroads and express companies, as much as the fear of revision of the tariff worries the standpatters. The general public knows as little about railroad and express tariffs as they do about the Dingley tariff law, except in a general way, that all these republican protective tariffs are plundering them.

PREPARATIONS for complying with the provisions of the new railroad rate bill, which goes into effect tomorrow, have been completed by the railroad companies. Only a few days more and the public will begin to learn how many holes the railroad attorneys have discoverd in the law.

THE United States Consul-General at Canton reports that the loss to Americans by the Chinese boycott on goods imported from the United States will exceed $1,250,000. The Chinese have thus shown that there is more than one way of "getting even."

THERE is no apparent enthusiasm among Cubans in this country over their government's appeal for volunteers and none can be found who show the least desire to help fight the insurgents. The Palma government is distasteful to many Cubans and it is believed that he would have been defeated for the presidency at the last election had a free ballot been possible. Many Cubans regard Palma as a mere puppet of the American administration. In the dispatches from Cuba the jingoes and imperialists have discovered the hand of providence beckoning the way to annexation!

ST. SWITHIN'S forty days of rain should have expired last Friday, but evidently the old saint claimed three days grace, for it has rained every day since. Today, however, the skies cleared and it is hoped that dryer conditions may prevail for a while, at least.

## From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Aug. 27

The Interstate Commerce Commission is about to inaugurate the last of the great investigations entrusted to it by act of Congress. Steps are now being taken for immediate compliance with the resolution directing the commission to investigate the uses of and necessity for the block system on railroads and Commissioner Cockrell has prepared a preliminary order to the railroads of the country calling for the information in question. A New York expert on the subject will be placed in charge of the work and he will be assisted by an engineer of experience. A meeting of those interested will be held in New York in September and it is the intention to have the preliminary reports in by October 1. The resolution under which the commission is acting calls for recommendations on the subject to the next Congress.

The Standard Oil Company has strmck a snag in its Chinese trade that it cannot uproot by any sort of methods. The Chinese boycott has centered upon this company, says Consul General Lay, of Canton, China, during the year ending July 1, 1906, the importations of oil were reduced over fifty per cent or about 125,000 cases for Canton alone. The total importation to all South China suffered a loss conservatively estimated at $350,000. Not until the immigration laws of the United States are changed will there by any change in the boycott, he predicts.

Alma L. Newman has been appointed postmaster at Snelson, Hanover county, Va., vice W. M. Snelson, resigned.

### THIRTY-TWO PEOPLE KILLED.

Saturday's attempt on the life of Premier Stolypin of Russia was unsuccessful, but 32 persons were killed and many more or less injured. The dastardly act was followed last night by another revolutionary outrage in which General Min, commander of the Seminovsky Guard Regiment, and who, since his promotion to be a general, has been attached as a personal adjutant to the suite of the Emperor, was killed on the station platform at Peterhof by a young woman, who fired five shots into his body from an automatic revolver and then, without resistance, submitted to arrest. The capture of the girl was effected by General Min's wife, who held her until the arrival of an officer.

This was the third successive attempt on the life of General Min, who was condemned to death by the terrorists immediately after the Moscow revolt last December on account of the stern repression practiced by a battalion under his command, and especially for the wholesale execution of persons condemned by drumhead court-martial for being caught with arms in their hands.

The daughter of Premier Stolypin, who was injured by the bomb explosion in her father's villa, is still alive but her condition is said to be critical.

The terrorists are swiftly and secretly pushing their deadly campaign and young women are taking a fearless and active part in executing the terrorists' sentences.

A girl dropped a bomb near the palace of Governor Kaulbars, at Odessa, yesterday. Her hand was shattered; her mission failed.

### Senator Foraker.

Senator Foraker gave out an interview last night, which is regarded the liveliest contribution yet made to the controversy now agitating Ohio republicans over the relative cordiality of the indorsement to be accorded President Roosevelt and the two Ohio Senators by the State convention next month. The major portion of Mr. Foraker's interview is devoted to a critical discussion of Representative Burton's suggestion, made in a speech before the Tippecanoe Club in Cleveland on the evening of his return from London week before last, that the State convention "indorse the President more cordially than the Senators," because they had not been in full accord with him during the recent session of Congress. The senior Senator contends that the Burton proposition is inappropriate. He denies the right of the President to dictate to members of Congress, and holds that a man is unfitted to sit in the Senate or the House who is unable or afraid to exercise independent and intelligent judgment without orders from the White House.

### Cuban Affairs.

The situation in Cuba continues so serious that the enlargement of the government forces will continue indefinitely, as volunteers are not numerous.

President Palma and the cabinet have framed a decree of amnesty to the rebels, but hesitates to issue it, fearing that it will be futile.

Colonel Aquirre, reported head of the Cuban rebel junta in New York, brands General Andrade, speaker of the House of Representatives, as a liar and coward and challenges him to a duel.

Insurgents are rapidly strengthening their forces and are gaining recruits in unexpected places.

O'Ferrill has reconsidered his resignation as secretary of state and will likely remain in office.

There is a suspicion that the revolution has the support of a syndicate well supplied with capital.

Mrs. Margaret Dorworth, an 80-year-old resident of Jersey Shore, Pa., on Saturday kneeled in front of a fast passenger train. A few seconds before the locomotive reached her she laid her head upon the rails and was killed in the twinkling of an eye.

Mrs. A. R. Spangler, a bride of a few months, aged 15 years; Miss Beulah Hancox, aged 16 years, and Miss Pearl Ramsey, of Columbus, aged 18 years, were drowned Saturday while bathing in a small branch in the northern suburbs of Griffin, Ga. The only eye witness to the affair was a 4-year-old sister of Miss Hancox, and the child is so badly frightened that she cannot give particulars of the accident.

The lives of forty tenants of a big apartment house on Carroll street, Brooklyn, were endangered, and Vincent Christiana, an iron dealer, was seriously hurt by an explosion Saturday, believed to have been caused by dynamite. The section where the explosion occurred is notorious for feuds, and Black Hand outrages, and the explosion may be traced to these causes. Several persons in the house told the police they had recently received threatening letters.

Spurred by the advice of the Atlanta News, which is owned by Col. James W. English, jr., who is Governor Terrell's chief of staff, the white men of Atlanta and the suburban towns began Saturday to organize a "Ku Klus Klan" for the purpose of avenging assaults on white women by negroes. During the last two weeks six white girls have been criminally assaulted by negroes in Atlanta and its suburbs, and only one negro has been lynched, the others having escaped.

The twelve members of the 25th Infantry, recently stationed at Fort Brown, Texas, who are charged with being responsible for the shooting of a civilian and a police officer at Brownsville, have been taken to Fort Sam Houston, where they arrived safely this morning. Gen. McCaskey reports to the War Department that they will be held there pending examination and later will be turned over to the civil authorities. It was thought best, on account of the excited state of public feeling, to remove them temporarily from Fort Brown.

Miss Florence Cryst, aged seventeen years, of Hackettstown, N. J., was instantly killed yesterday by a Delaware, Lackawanna and Western express at the Stannope Netcong station. While waiting for a train, she was walking down the track facing the coming train, which the engineer was trying to stop and blowing his whistle. It is supposed that she thought it was her train and that it would stop. She was thrown about eighty-five feet. Her head was crushed and nearly every bone in her body was broken.

Ordered by the court to mete out punishment personally, Mrs. Emma Belfield took her husband into an ante-room of the hall of Justice at Shermerville, Ill., Saturday and administered a first-class drubbing, while officers stood guard outside the door to see that she made a good job of it. The woman complained that her husband had been cruel to her so long that she could stand it no longer. When the door was opened the Belfields came forth, the wife with a smile of triumph on her face and the husband nursing a blue eye.

Julia Morrison, the actress who shot an actor in Tennessee three years ago, knocked down a Wall street "masher" in the Broad Exchange building one day last week. He left a note with her friend, a cigar stand attendant, asking a date. Later he came up smiling, and, coming close to her, began to talk in a low tone. Like a flash, her right arm was flung out and her clenched fist struck him in the face, staggering him. In a second another blow hit him on the knockout point of the chin, sending him sprawling. He fled, threatening arrest, but his father ran out and effusively thanked her.

Suddenly becoming insane, Mrs. Frank Polsgrove, wife of a well-known farmer of the St. Francis, Ark., neighborhood, on Saturday night killed her husband and four-year-old child with an axe and fatally wounded her two other children, a boy of thirteen years and a girl of seven. The demented woman then set fire to the building, the bodies of the man and four-year-old child being cremated. The other two children were found in a field adjoining their home yesterday morning, badly mutilated, and it is not believed they can live more than a few hours. The mother, when apprehended confessed her crime and begged that she be killed.

Edgar E. Porter, aged twenty-two, associate editor of the Maryland Gazette and son of Maj James C. Porter (retired) M. N. G., was arrested at Annapolis, Saturday, charged with stealing mail from Gov. Warfield's postoffice box and from the boxes of other State and county officials. He admitted his guilt and confessed that the thefts had been going on for six weeks or more, but asserted that he had only stolen $3. The authorities, however, think that he secured at least $25. Porter rents one of the lock boxes at the postoffice, and his plan was, he says, to open it late at night, and by thrusting his arm through it to reach mail matter in adjoining boxes.

Combs, of the navy, when the shooting occurred. The husband approached the pair from behind just as they reached an illuminated portion of one of the principal streets and fired. His wife was shot in the back. After firing on his wife Cooke opened on Combs, but his shot went wild and he was disarmed.

The vote stood 17 to 16 for four ballots. On the fourth ballot some one went over to Colonel Perry, and he was declared elected.

Captain Robert E. Craighill, of Lynchburg, was elected lieutenant colonel after only one ballot by a large majority. His only opponent for the honor was Major James E. King, of Alexandria. The vote stood 23 to 10 in favor of Captain Craighill.

At the meeting, Company G, A. L. I., was represented by Captain P. J. Murphy and Lieutenant Windsor W. Demaine, Lieutenant S. S. Robey could not be present.

### ANOTHER GENERAL KILLED.

Warsaw Aug 27.—Another terrorist victim was added to the long list today, when General Wonlarlarski was shot and killed by an unknown man. The assailants escaped.

St. Petersburg Aug. 27.—Premier Stolypin, completely terrorized as a result of the attempt made upon his life on Saturday, by terrorists, when thirty-two persons were killed and many others injured by the explosion of bombs in his residence, has advised the Czar not to yield to the grand dukes who are urging the appointment of a military dictator.

In a proclamation issued yesterday by the terrorists' organization the same idea is expressed. The terrorists express regret on account of the injuring of Premier Stolypin's two children who were hurt in the bomb explosion, but say they are sorry he escaped the punishment he "so well merited," and that he will yet be killed.

Gruessome finds are made continually by the police who have been searching the ruins of Premier Stolypin's villa since Saturday. Hands and feet and bits of flesh have been picked up, as well as watches, diamonds, and other pieces of jewelry.

Most of the persons injured in the explosion are reported as being improved this morning, and hopes are entertained for the recovery of all.

Premier Stolypin has not fully recovered from the effects of the shock.

An attempt was made at Peterhof yesterday to assassinate Gen. Stall, one of the commandants of the palace guards. General Stall closely resembles General Trepoff, and it is supposed he was mistaken for Trepoff. The incident has caused greater alarm among the reactionaries.

Berlin, Aug. 27.—The correspondent of the Schlesiche Zeitung at St. Petersburg wires to his paper that Governor-General Kaulbears and all the principal civil and military officers at Odessa have sent in their resignations in a hurry. This action was entirely unexpected.

St. Petersburg, Aug 27.—The Bourse today reflected the feeling of gloom, which prevails as a consequence of the campaign of murder begun by the terrorists as indicated by the attempted murder of Premier Stolypin, the killing of General Min, and other outrages by the violent opponents of the government. Imperial fours fell from 70 to 65, which is the heaviest drop they have experienced during the reign of Czar Nicholas.

To add to the unrest, which has been created by the momentous events of the last day or two, advices received today indicate unusually grave disorders in other parts of the country.

A dispatch from Novgorod states that serious insubordination exists among the soldiers at Kirilov. A detachment of troops which was escorting a band of prisoners mutinied and sixteen of the soldiers were placed under arrest.

At Tamboff, a passenger train was held up by revolutionists. A policeman gendarme and guard were killed.

Alga dispatches say that twenty-four bombs and eight receptacles filled with pyroxylin were discovered by the police. An encounter took place between a band of robbers who attacked a government spirit store and a military patrol in which five of the robbers were killed.

Mlle. Stolypin, daughter of the Premier, whose serious injury in the bomb outrage of Saturday led to the report that she had died from her wounds, is still living, but suffers intensely. Frequent injections of morphine are necessary to ease her suffering. The young son of the Premier is progressing satisfactorily.

St. Petersburg, Aug. 27.—Col. Riemann of the Seminovsky Regiment, who was associated with Gen Min, former commander of the same regiment, who was killed by a girl assassin at Peterhof last night, in the suppression of the Moscow riots last year, is reported to have been assassinated today at Louga.

### The Cuban Revolution.

Havana, Aug. 27.—The revolution in Cuba apparently is resting. After the activity of last week, there has come a lull which can only be explained on the theory that the insurgents are awaiting developments.

With the forces now at their command, the insurgents are in a good position to force the government to come to terms regarding the nullification of the former elections without resorting to open conflict. They are waiting, therefore, the government to make the move which will determine whether there is to be peace or war.

The declaration made yesterday by Col. Ashert, commanding an insurgent band in Havana province, well states the position of the revolutionists. They want an election where the people will be allowed to express their will freely, and an impartial judiciary.

The insurgents do not want a bloody war, for that would mean the death of "brothers." They believe by the demonstrations they have made President Palma will be brought to time.

The city is still stirred by the rumors of a disagreement between President Palma and Vice President Mendez, President Palma believing the Vice President is implicated in a conspiracy with Senator Sayas, the liberal leader, to force his resignation and the advancement of Capote on the ground that it is the only way to avoid a bloody war. Developments in the matter are eagerly awaited.

One engagement, the result of a chance meeting of bands of insurgents and loyalists, is reported within the last twenty-four hours. This was near Cascabel, where the government claims to have a victory. Several are reported killed and wounded on both sides.

In Santa Clara province more insurgents are taking to the bush, but no fighting is reported thus far today. The recruiting of government forces is being continued.

Havana, Aug. 27.—Senor Montalvo, Secretary of the Interior, today issued a bulletin, in which he offers amnesty to all insurgents who go to their homes and give up the revolution against the government.

Paul O. Stensland, wrecker of the Milwaukee Avenue State Bank, of Chicago, is on his way to Madagascar off the coast of Africa, there to find a refuge from which all the detectives and police of the world will be unable to dislodge him.

Cards are out for the marriage of Miss Charlotte Cazenove Nelson, daughter of the late Rev. G. W. Nelson, and Mr. Frederick Holt, which is to take place in Warrenton on September 12.

### The Zionist Movement.

Cologne, Germany, Aug. 27.—The annual world's conference of the Zionist organization begins here tomorrow and the delegates from many countries are already assembling. Delegates from America, England, eight European continental countries, and Palestine, have already arrived, and more are expected from Australia, New Zealand, South Africa and Argentina. Approximately fifty delegates will attend the conference. The Jewish national flag in blue and white colors flies over the building in which the conference will be held, and the ancient city of Cologne, a great centre of Roman Catholicism, is for the time being transformed into the metropolis of the Jewish race. Every delegate at this conference accepts the Basle programme as his political creed; that is, the creation of an autonomous Jewish state in Palestine. The proceedings will be conducted as far as is possible in Hebrew, the language of the Jewish race, but not entirely, as all the delegates cannot speak their national tongue. Yiddish, German and English will also be used.

### Proposed Visit to Panama.

New York, Aug. 27.—As the result of President Roosevelt's proposed visit to Panama many important changes are anticipated among the directing officials of the Panama Canal Commission. Despite the denial of Chairman Shonts this afternoon of the Panama report that he would resign his position, it has been said in some quarters that he will retire from the chairmanship in the near future and be succeeded by Chief Engineer Stevens.

The President has not been satisfied with the progress made in Panama and his trip, under the direction of Engineer Stevens, will enable him to make many changes to expedite the digging of the canal, who will succeed Governor General Magoon, will probably not be determined until after President Roosevelt return from his trip.

### Indictments Prepared.

Chicago, Aug. 27.—Twenty-one indictments have been prepared by United States Attorneys having charge of the investigation by the federal grand jury into alleged rebates granted the Standard Oil Company by railroad companies. It is said a majority of the indictments will be returned when the two grand juries which have been at work make their final reports to Judge Betha this afternoon. From credible sources it is learned that individuals will be indicted. Only corporations will be required to make a defense of their officers and officers will escape the present investigation unscathed. The maximum penalties which may be inflicted and fines of $20,000 for each offense and the minimum is $1,000.

### Disaster on Lake Erie.

Cleveland, O., Aug. 27.—Two boats were lost off this harbor in the storm that swept over Lake Erie last night and this morning. To save herself, the steamer Rhoda Stewart, cast off the line to the barges William Grandy and Agnes Potter. The Potter caught fire and burned. The Grandy was headed for the ashore. The Stewart headed for the harbor, but her steam pump was out of commission and she was beached near the breakwater. The captain and crew, consisting of three men on the Grandy, were rescued from a life boat. The captain, cook and three members of the Potter, in a life boat, made their way to the harbor. The life savers were with them.

### Took Possession of a Woman.

Trenton, N. J., Aug. 27.—The health authorities today took possession of Mrs. Kate Zimmerman, a woman 78 years old who has been out of her house but once in twelve years. Mrs. Zimmerman is reported to be wealthy, but she lived in the most abject squalor. She was fed twice a day by Charles Rickart, to whom she promised her wealth. The woman is said to have a big bank account, and in her home large quantities of silver were found stored in boxes and trunks. She received the food given her by Rickart in a basket that she hauled up to a second story window with a rope. She will be placed in a hospital.

### Engagement Announced.

Atlanta, Aug. 27.—The engagement of Miss Selma Adelaide Allen, whom President Roosevelt called "the prettiest woman he had met in the South," to Mr. Leonard Day, of New York, is announced. While President Roosevelt was attending a reception here during his last trip South he took particular notice of an unusually pretty blonde and inquired who she was. When introduced President Roosevelt told Miss Allen she was the prettiest woman he had seen in the South.

### War Imminent.

Constantinople, Aug. 27.—War between Bulgaria and Turkey is considered a probability as the relations between the two countries have about reached the breaking point. The Bulgarian diplomatic representative here has resigned suddenly and this regarded as a sympathy of serious trouble. If war should come a victory for Bulgaria is regarded as extremely likely.

### Bryan's Home Coming.

New York, Aug. 27.—The vanguard of "Bryan's Nebraska Home Folks" has arrived here. They are as fine a looking body of men as one would care to see. They are mostly clean shaven and the absence of the populistic type is missing. They came in advance in order to see the sights in New York.

### Living too Fast.

Cleveland, Aug. 27.—"We are leading an awfully fast life in this country" said John D. Rockefeller. "It is simply rush, rush along. The newspapers for the most part keep space of the times. They show the life of their readers. People live too fast."

### Reported Wreck.

Helena, Mont., Aug. 27.—A wreck on the Great Northern Railroad near Great Falls is reported. It is reported that persons were killed and a score hurt.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. ### Thomas W. Lawson's Condition.

Boston, Aug. 27.—The Herald this morning says: "That Thomas W. Lawson is in a state of mental and physical collapse in consequence of his wife's recent death, supported by detailed statements of the extravagant forms in which his grief has been manifested, and given every similitude by his prolonged absence from his office and abstention from all business, is the story that has been quietly whispered about State street during the past two weeks, and has gained wide credence, many of those who have been in contact of conflict with him, in his manifold financial activities, having reached the conviction that he will never again resume his former occupations and be the picturesque and striking figure he once was in the life of the street. He has refused to see strangers, or even acquaintances, and even when with his family his manner, it is said, has been moody and uncommunicative, strongly contrasting with his former jovial and hearty bearing. All his daughters are with him at Dreamwold, as are also his son, Arnold, and his bride, whose wedding trip was cut short by the death of Mrs. Lawson."

### New York Stock Market.

New York, Aug. 27.—The only news that had a market influence this morning was that which came from London about the bank of England taking the bulk of gold which arrived there. New York securing only $1,000,000. Traders sold stocks all around the room because of this news, causing some moderate recessions in prices and again the story was current of heavy profit taking sales. The selling was mostly purely speculative and about evenly divided between long and short accounts. The losses sustained after the opening generally ranged around one point and with this downward movement, the supply of stock around the room seemed to be exhausted. Buying orders came in increased volume, as the lower prices were realized, and caused a general recovery.

After the first hour price movements were narrow and business comparatively small. There was a firm tone to the trading and reactions were quickly recovered.

### Terrible Fate of a Painter.

Jacob Meriness, a painter, of middle age, fell 70 feet from the fourth floor of the school at Ludlow and Delancey streets, New York, Saturday afternoon, and was impaled on an iron picket fence. A dozen men, working with frantic energy, consumed 10 minutes in removing the body. He died later in Governeur Hospital. Meriness was engaged in painting the window sashes on the fourth floor on the Delancey street side. He was not supported by braces, and when his foot slipped he had no way of stopping himself. About 6 feet distant from the wall of the schoolhouse and surrounding a stairway leading to the basement is an iron picket fence 6 feet high. The pickets are sharp on top, to discourage small boys from climbing over them. Meriness twisted and turned in the air and fell directly on the fence. He was impaled diagonally the length of his body from his right shoulder to his left ankle.

### Young Lady Killed.

In the presence of her large Sunday school class and many friends and relatives, Miss Vernie Emrick was run down by an electric car in Highland Springs, a town in the suburbs of Richmond, yesterday morning, terribly mutilated and almost instantly killed. She was on the way to Sunday school and was in sight of the church. Being absorbed in the lesson paper for this week, she apparently did not see the car, and when startled by the loud cries of many who saw her danger, stopped on the track, terrified, until struck. The motorman, E. G. Austin, claims to have used every means to prevent the accident. He and Conductor F. G. Swank are under arrest. Miss Emrick was very prominent in church work and one of the most beloved young women in the community.

### Martha Washington's Bible.

Martha Washington's Bible has recently been restored to Miss Mary Custis Lee, daughter of Gen. Robert E. Lee. It became the property of Gen. Lee by descent through the Custis family, and was stolen from Arlington by union soldiers in 1861. Twenty-four years ago it was purchased by a Philadelphia gentleman, who declared his intention of giving it to the Mount Vernon Society, to be placed on exhibition as the property of the nation. But finally, after considerable persuasion from the Lee family, he gave it to Miss Lee. The Bible contains records of the births and marriages of the Custis family, and among the last recorded is the birth of General Lee.

### Another Elephant Caught.

After an exciting chase and some humorous incidents, another one of Barlow's missing elephants was captured yesterday morning by Major George W. Lillie (Pawnee Bill) and four of his cowboys on R. Rowe's farm, in Alexandria county, five miles west of this city. Major Lillie and his men rode to Alexandria Saturday night after their show closed in Washington, and started out for the county at 7:30 o'clock yesterday morning. Two hours later they captured Jennie, the most valuable of the herd of four elephants, and took her across the country to Luna Park, where she was stabled in the Four-Mile Run power house with Tom and Fannie. After the capture Major Lillie returned to Washington with his horses and men and after placing the horses on the train at Benning instructed his men to return to the park to ascertain whether they could be of any futher assistance to Mr. Barlow. At a late hour yesterday afternoon the fourth elephant, Queenie, the Calcutta flathead, which is still missing, was reported in the vicinity of Burke's station, on the Southern Railway main line, eight miles from Alexandria. Yesterday morning Frank Rowe, son of the owner of the farm on which the elephant was found, had a great scare. He ran into one of the elephants in an open field and was chased by the animal a quarter of a mile. During the early morning hours the elephant ran amuck in a hogpen on Mr. Courtland Smith's farm and wrecked it, releasing the hogs.

### Floating Gambling House.

A Washington paper of yesterday says: "Almost under the shadow of the dome of the Capitol a well equipped gambling resort is flourishing openly, unchecked by federal, District or State authorities. About six miles down the Potomac, not far from the city of Alexandria, a house boat floats at the same moorings day and night, week in and week out. From the outside it has the appearance of an ordinary but rather capacious river ark. The is nothing in its construction to attract more than casual attention. But the scene within is a revelation to the uninitiated. There in that comparatively limited space, is installed a complete and elaborate gambling plant, furnished not only with the plain devices and paraphernalia used in the various games, but supplied with electrical apparatus and other supplementary means for giving styles and finish to the establishment. Thither resort daily, and especially on Saturday nights and Sundays, crowds of devotees of the green cloth. Many young man and many workmen are among these frequenters. The business conducted there, it is asserted, is steadily enlarging and the ark gives promise of developing into a duplicate Monte Carlo."

[The houseboat referred to above was towed to Washington this morning. It is said that the boat will be placed on the hull of the old steamer Columbia, which has also been taken to Washington.]

### Arrested in the Station House.

Arthur Bryant, an engineer on the Southern Railway, and W. D Trayman, a railway employe, were locked up in the station house shortly after 12 o'clock yesterday morning charged with assault upon Lieut. Smith of the police force. Bryant was later released upon depositing $50 collateral. Soon after midnight while Lieut. Smith was alone in the station house Bryant and Trayman with two men called. They inquired of the lieutenant as to the number of prisoners confined in the station house. The lieutenant responded that it was none of their business. They then demanded admittance, and, upon being refused, it is alleged, attempted to force their way. Lieut. Smith resisted them and, knocked down two of them whom he locked up. The only reason assigned for the attempt to force entrance to the station house was that one of the men believed he had a brother incarcerated, and desired to assure himself whether or not it was true. L. E. Estes, who is said to have been one of the four men who entered the station house, was arrested yesterday.

When the case was called in the Police Court this morning Arthur Bryant could not be found, and he forfeited $50 collateral. Estes was fined $25 and Trayman $10. Lieutenant Smith during his encounter with the men Saturday night was struck on the right eye and painfully injured. There is one of the quaternion who made the assault still at large.

### Still a Mystery.

The Washington police and the authorities of Alexandria county who are investigating the circumstances surrounding the death of Jackson Boney, colored, who was found dead last Thursday night in his buggy on Long Bridge, near the Virginia side, with a bullet in his brain, have arrived at no solution of the mystery. Annie Green, a negress, who admits that she was with Boney during the evening, is being held in the Alexandria county jail. She is not regarded by the officers as the murderess, although it is thought she may have been an accomplice in the crime. The motive for the crime, in the opinion of the officers, was robbery. Boney was awarded a verdict for $1,500 in a suit for personal injuries against the District of Columbia in July last. He had drawn some of the money out of the bank, and just before he was killed, it is stated, he had made another draft on his bank account. One theory is that he was enticed into Virginia and was there killed for the money.

### Investigation Tonight.

As has been stated in the Gazette, Mayor Pafl has summoned Chief Engineer Pettey of the fire department to appear before him tonight in order that the former may investigate the action of the chief in soliciting contributions from insurance companies in order to raise a sufficient sum to purchase a horse to be used by him during fires. Chief Pettey will be represented by Mr. S. G. Brent.

### Horse and Buggy Stolen.

A horse and buggy were stolen Saturday night from Mr. Thomas Walsh, of Burgundy, Fairfax county, a short distance southwest of Alexandria. Mr. Walsh had been in this city, and on his return home was stopped at the telegraph road crossing by a freight train that blocked the crossing. After waiting several minutes for the train to move, Mr. Walsh alighted from his buggy and went to hunt up the conductor of the train to have the cars uncoupled. When he returned the buggy and horse were missing, some one having driven off in the darkness in the few minutes he was away.

The humidity during the past few days has stood at about the maximum. The dampness has permeated everthing and an uncomfortable condition of affairs exists in nearly every house in the city. Doors and windows have swollen and are hard to open or shut; paper is falling from walls; furniture is sticky; carpets, curtains and clothing are moulding, and housekeepers are at their wits' end in their endeavor to overcome the difficulty. ## Race War in Kentucky.

A bloody race war between the whites and blacks is being fought at Leonard, Ky. Three white persons—one a woman—have been killed and several negroes have been wounded. The authorities are unable to control the situation, and further bloodshed is feared. Bands of armed negroes paraded the streets Saturday night and came into frequent clashes with the whites. Several assaults were committed in the outskirts of Leonard, and on Saturday a pitched battle was fought in the town. Trouble between the whites and blacks has been brewing for sometime. Disorders were precipitated Saturday night, when several drunken negroes made remarks about a white woman, who was walking along the street. Street fights followed, and the town authorities were unable to quell the disorders. The State troops will probably be asked for.

You need a pill? Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by W. F. Creighton & Co., 401 King street.

## Negro Lynched.

Alfred Schautniet, a negro, was lynched at Calhoun, La., yesterday by a mob, for attempting to criminally assault Miss Olive Chambers, a prominent young woman of Calhoun, at an early hour yesterday morning. Schaufniet was frightened by the screams of his intended victim and fled, but was later captured by a posse a few miles out of town. He was taken back to town by the posse, and after confessing his guilt was hanged to a telegraph pole. His body was viewed by hundreds of persons, both white and black, and everyone seemed pleased at the swiftness of the justice meted out to the negro. The following bold notice was posted upon the negro's body. "This is a warning to all negroes who would attempt to force an entrance to the apartments of white women."

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.
